

# ELIT HD5808AL

## Technical description

### Advantages:

| Product name/ Art.nr/ GTIN      | ELIT HD5808AL/ 10120010/ 7070810032181 |
|---------------------------------|----------------------------------------|
| According to:                   | ---                                    |
| Model                           | Pliable                                |
| Distance measurement            | No                                     |
| Video text generator            | No                                     |
| Length                          | 20 - 100 Millimetre                    |
| With reel                       | No                                     |
| With memory function            | Yes                                    |
| Wi-Fi-compatible                | No                                     |
| Video recording                 | Yes                                    |
| Number of pixels, horizontal    | 1280                                   |
| Number of pixels, vertical      | 720                                    |
| With touch screen               | No                                     |
| Digital zoom                    | 2                                      |
| USB connection                  | Yes                                    |
| SD-card slot                    | No                                     |
| MiniSD-card slot                | No                                     |
| MicroSD-card slot               | Yes                                    |
| Analogue video out              | No                                     |
| HDMI-connection                 | No                                     |
| Max. battery duration           | 3,5 Hour                               |
| Degree of protection (IP) probe | IP68                                   |
| Weight                          | 0,52 Kilogram                          |

|                              |                 |
|------------------------------|-----------------|
| Image orientation on display | Manual          |
| Screen size                  | 12,6 Centimetre |
| Diameter camera probe        | 6 Millimetre    |
| With built-in torch          | Yes             |
| Opening angle camera         | 70 Degrees      |
| Camera directed 90°          | No              |
| Camera directed forward      | Yes             |
