

ELIT MZC-310S

Technical description

Advantages:

Product name/ Art.nr/ GTIN	ELIT MZC-310S/ 10150017/ 7070810000180
According to:	---
Indication	Digital
Limit value indication	No
Isolation resistance measurement	No
Isolation resistance measurement with ramp function	No
Resistances of isolating floors and walls	No
Over voltage protector testing	No
Low resistance measurement	No
Low resistance measurement with ramp function	No
Earthing measurement	No
Selective grounding measurement	No
Earth loop measurement	Yes
Specific grounding measurement	No
Loop resistance/impedance measurement	Yes
Loop measurement without RCD/FI release	No
Mains internal resistance measurement	Yes
Detection short-circuit current/overcurrent protection	Yes
RCD/FI testing	No
RCD/FI testing with rising residual current	No
RCD/FI analysis function	No
PRCD testing type S, type K	No
Testing of IMDs and RCMs	No

Measuring of leakage currents with adapter	No
Testing of charging devices E-Mobility, simulation of vehicle status	No
Field rotation test	No
Structured measured value memory	Yes
Measured value memory	Yes
Interface	Yes
Printer connection	No
Printer integrated	No
Remote control for testing device	No
