

ELIT 25, 200mA kontinuitet

Clear scale for quick indication. Storage compartments for wires and covers that protect

Technical description

Proven and easy to use. Renewed version. Insulation meter with continuity measuring function. Test voltages 250V, 500V and 1000V. Continuity measurement with measuring current 200mA. Zero adjustment function for resistance measurement. Battery test. Large easy-to-read analog color scale, which is not affected in minus degrees. High security category Cat III 600V. Delivered in a robust housing with a lid, measuring cables, battery and Norwegian user manual. The wires can be laid in a separate room in the enclosure.

Advantages:

Product name/ Art.nr/ GTIN	ELIT 25, 200mA kontinuitet/ 10170000/ 7070810000456
According to:	---
Indication	Analogue
Analogue bar graph display	No
Current supply	Battery
Background lighting LC-indication	No
Isolation resistance measuring range	0,1 - 200 Mega-Ohm
Nominal test voltage 100 V	No
Nominal test voltage 250 V	Yes
Nominal test voltage 500 V	Yes
Nominal test voltage 1000 V	Yes
Nominal test voltage 2500 V	No
Nominal test voltage 5000 V	No
Nominal test voltage adjustable	No
Nominal test voltage adjustable with ramp function	No
Low resistance measurement	Yes
Voltage measurement	No
Over voltage protector testing	No
Measured value memory	No
External voltage detection at OFF-state	Yes
Data hold	No
Interface	No
