

ELIT 2007B, 0,1mA - 20A

Compact 140x45x20 mm leakage current bar with 1% accuracy over the entire measuring range.

Technical description

A small leakage current rod of 140x45x20 mm with high accuracy.

- Clamp jaw of 18mm.
- 2 manual ranges of 200mA and 20A.
- Hold data to freeze measured value on display.
- Safety level Cat II 600V / Cat III 300V.
- Small and handy size, fits easily in your pocket.
- Robust design.
- Supplied with instructions, carrying case and battery.

1% accuracy over the entire measuring range.

Very well shielded pliers jaw, maximum 1mA induced at 100A through conductor close by.

Advantages:

Product name/ Art.nr/ GTIN	ELIT 2007B, 0,1mA - 20A/ 10300007/ 7070810003808
According to:	---
Stationary measuring installation	No
Alarm output	No
External current transformer	No
Measuring range	0,0001 - 20 Ampere
