

ELIT A9, Sann RMS og Lav

Open current clamp and voltage tester with true RMS and complete multimeter functions.

Technical description

ELIT A9 is a handheld digital multimeter / voltage tester with open clamp jaw and backlit display. True RMS makes the instrument well suited for measuring today's electrical signals. The instrument has a non-contact voltage detector (VoltSense). A very handy function for troubleshooting. With the open pliers jaw, the tester can measure up to 200AAC and the instrument has a voltage range of up to 1000V AC / DC . The instrument is delivered with a carrying case and measuring wires that can be attached to the back of the instrument.

Advantages:

Product name/ Art.nr/ GTIN	
Product name/ Art.nr/ GTIN	ELIT A9, Sann RMS og Lav Z/ 10300013/ 7070810009749
According to:	---
Indication	Digital
Analogue bar graph display	No
Multiple display	No
With display backlight	Yes
Measuring range selection	Automatic
Current measuring range, AC	0 - 200 Ampere
Type of current	AC
True RMS measurement	Yes
Voltage measurement, AC	Yes
Voltage measurement, DC	Yes
Resistance measuring range	No
Temperature measurement	No
Capacitance measurement	No
Frequency measurement	Yes
Power measuring	No
Leakage current measuring	No
Harmonics measurement	No
Measurement in cables with for- and back conductor	No
Jaw opening	16 Millimetre
Version as adapter to connect to multi meter	No
Interface	Yes

Measuring circuit category	CAT III
Max. voltage measuring circuit category	600 Volt
Continuity test	Yes
