

ELIT 364 AUTO

Set the switch to AUTO, connect and read the values directly. Shows current and voltage together.

Technical description

ELIT 364 AUTO is a unique clamp that makes everyday life more efficient. The clamp automatically selects the measurement function based on the signal it is connected to. In the double display, 2 values can be displayed at the same time, e.g. current/voltage, current/frequency or voltage/frequency. A large, clear display with background lighting and a flashlight at the pliers jaw makes the instrument ready for most challenges.

Non-contact detection of voltage and low-pass filter in combination with high safety category CAT IV 600V for use in all parts of the electrical installation.

Advantages:

Product name/ Art.nr/ GTIN	ELIT 364 AUTO/ 10300059/ 7070810025015
According to:	---
Indication	Digital
Analogue bar graph display	Yes
Multiple display	Yes
With display backlight	Yes
Measured value memory	No
Measuring range selection	Automatic
Current measuring range, DC	0,3 - 1000 Ampere
Current measuring range, AC	0,2 - 1000 Ampere
Type of current	AC/DC
True RMS measurement	Yes
Voltage measurement, AC	Yes
Voltage measurement, DC	Yes
Resistance measuring range	Yes
Temperature measurement	No
Capacitance measurement	No
Frequency measurement	Yes
Power measuring	No
Leakage current measuring	No
Harmonics measurement	No
Measurement in cables with for- and back conductor	No
Jaw opening	35 Millimetre

Version as adapter to connect to multi meter	No
Interface	No
Measuring circuit category	CAT IV
Max. voltage measuring circuit category	600 Volt
Continuity test	Yes
