

# ELIT RS520X79MMSS

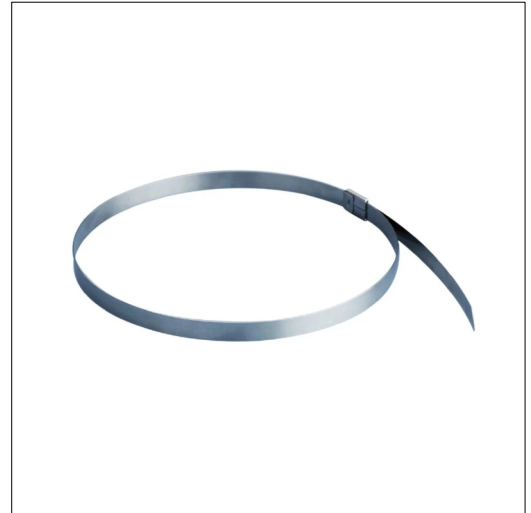

Cable tie stainless steel 520 x 7,9 mm

## Technical description

Strips made of stainless steel (316 V4A) for fastening conductors. Length: 520 mm. Width: 7,9 mm. The product is fireproof and UV-resistant. Non-magnetic.

## Advantages:

Metal strip made of stainless steel (316 V4A)  
Fireproof and UV-resistant material  
Size: 520 x 7.9 mm  
Non-magnetic

Product name/ Art.nr/ GTIN	ELIT RS520X79MMSS/ 40150155/ 7070810034000
According to:	---
Band width	7,9 Millimetre
Length belt/tape/tie	520 Millimetre
Tie thickness	1 Millimetre
Operating temperature	-80 - 500 Degrees celsius
Model	Other
Band closure	Other
Material	Metal
Material quality	Stainless steel 316 (V4A)
Surface protection	Other
UV-stable according to ASTM D6779	Yes
Colour	Other
Type of fastening	Other
Inflammability class of insulation material according to with UL94	Other
